

Buckingham Palace Garden Party

This week three members of our outstanding team, Hatty Halil, Whitney Simon, and Myles Mitchell attended a prestigious Royal Garden Party at Buckingham Palace after being nominated by the Department for Education for their services to education.

This distinguished honour is in recognition of their exemplary dedication and outstanding contributions to education and children's social care.

The Department for Education acknowledges the significant impact each of these individuals has made in their respective roles, and this invitation to the Royal Garden Party serves as a token of appreciation for their tireless efforts.

The day was really insightful and was an incredible occasion for our three distinguished members of the team. Well done all!

Year 6 Stress and Anxiety Workshop

Last week, we started the Year 6 Stress and Anxiety Workshop. Tollgate WINS practitioner Matt FINCH has created this workshop to alleviate the stress and anxiety around SATs and give the children a good understanding as to why they may get some unwanted feelings around this time. The team then work together to support the children with strategies to cope with overwhelming fears about the tests and their results! We have also held sessions for our teachers and the children's parents which have helped everyone involved.

Times Tables Rock Stars and NumBots

A reminder that every child from Reception to Year 6 has a username and password for either Times Tables Rock Stars or Num Bots. Once a week, homework will be set by the class teacher on a relevant programme so please ensure the children complete this. It is also a good way to improve their mathematical skills. Five minutes a day can have a great impact on their academic performance. Mr Parsons will be checking the engagement of all children over the coming weeks, so please speak to your child's class teacher if you need any log in details. Thank you!
