Staff Training—PE

At Tollgate, we put developing teachers pedagogical skills at the heart of our staff training sessions. This week our PE lead, Miss McAuley, and sports coach, Mr Gray, were training the teachers on the skills involved with orienteering. In a fun and engaging session the teachers were shown how to read maps and how to make this applicable to their own lessons and year groups. Currently, Year 2 and 4 are completing orienteering lessons so please test you child on their map reading skills at home!

Tollgate Football Teams

Our Tollgate football teams have performed excellently in the borough football leagues this year. The boys team have had a very successful season winning every game they have played and will soon play in the next round of competition. The girls played really well and progressed as a team over the season but unfortunately miss out on the next round as they have an inferior goal difference.

Oral Hygiene Workshop

Tollgate invited a dental nurse from the NHS dental service, to come and speak with parents about the importance of oral hygiene especially for our children in the Early Years setting. Parents got the chance to learn about what good brushing techniques are and how they can be implemented. They were also encouraged to ask lots of questions around foods, sugars, and regular brushing. The parents all came out of the session in a with a better understanding of how to keep their children's teeth healthy. The children then all received free tooth brushing timers and toothbrushes for them to use at home.

To complement this the children in EYFS have been exploring teeth and how to look after them in their lessons and the dental nurse will be back soon to further their learning.
