

## Black History Month

Key Stage 2 continued their engagement in the exploration of Black History Month, which has allowed students to deepen their understanding of the impact and contributions of Black individuals throughout history. Discussions have fostered an appreciation for the rich tapestry of cultural heritage and the importance of equality and justice. The students have also participated in creative projects, such as dances and making instruments, showcasing their learning and demonstrating their respect for diverse histories. Overall, this enriching topic has not only broadened the students' historical perspectives but has also inspired them to celebrate diversity within their own community.

## Resource Provision

The Resource Provision had an exciting learning opportunity this week as part of their Geography curriculum. The children have been learning about where different locations are in the school and the directions they will use to get to these special locations. The series of lessons ended in the children using their locational knowledge to complete a 'Pumpkin Hunt'. All the children completed the task with great confidence and as a treat, had an opportunity to carve the pumpkins in their own designs!

## Year 3 Visit to UEL Sports Dock

This week, Year 3 had the privilege to attend a 'Sport In Your Futures' event hosted by UEL Sports Dock. Throughout the day, the children had an opportunity to participate in different activities such as, basketball, cricket, skipping and volleyball. They thoroughly enjoyed their day and each of the activities they participated in - learning new skills whilst refining the ones they already had! To end the day, the children watched a live basketball game to which one child stated 'that was the coolest day ever!'

## Show Racism the Red Card

The school came together today to raise money for a very worthy cause called, 'Show Racism the Red Card'. The children have enthusiastically engaged in the Show Racism The Red Card Day, a significant event that encouraged inclusivity and respect for diversity. As part of this initiative, everyone wore red to symbolise their stand against racism and discrimination. Activities included discussions on the importance of equality and the impact of racism in our society. Students participated in group discussions that fostered empathy, helping them to understand the emotions and experiences of individuals affected by racism. By collaborating on group projects, they developed teamwork skills, while also learning to voice their opinions respectfully. The initiative empowered students to become advocates for change, promoting a positive and inclusive school environment. Their participation in this day highlighted their understanding of social responsibility and the crucial role they play in creating a respectful community.
